

# Newsletter Popup

FOR MAGENTO 2

A screenshot of a newsletter popup form. The popup is orange with a dark blue background. It features a white envelope icon with a document inside. Below the icon, the text "SUBSCRIBE OUR NEWSLETTER" is displayed. A light orange input field contains the placeholder text "Enter your email here". Below the input field is a dark blue button with the text "SUBSCRIBE" in white. A small white "X" icon in a circle is located in the top right corner of the popup.

Enter your email here

**SUBSCRIBE**

## **Preface:**

- Mageants Newsletter Popup is a flexible extension for Magento which allows to display popup in our store.

## **Features:**

- Display popup anywhere in website.
- Display popup when your page is load.
- Display popup when user scroll the page.
- User can manage popup.

## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Newsletter popup, The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management Edit  
app/etc/config.php file and add one line code: 'Mageants\_NewsletterPopup'  
→ 1

**Step 4:** Disable the cache under System → Cache Management

**Step 5:** Once you complete above steps log out and log in back to the  
admin panel and switch to Stores → Configuration → Mageants →  
Newsletter Popup, the module will be displayed in the admin panel.
